Why Add The Health Billing Add-On?

Imagine a world where your health billing processes are seamless, accurate, and efficient. The Health Billing Add-on for Windward System Five is designed to make this a reality. It's tailored to meet the unique needs of the healthcare industry, ensuring that your billing processes are as smooth and efficient as possible.

Mulitiple Payees

Perfect for customers with dual insurance coverage, split costs on line items for accurate invoicing

Adjust Payee Order

Adjust the percentages that each payee is responsible and adjust the order in which they are billed

Authorize Invoice Lines

Save time by authorizing multiple invoice lines at once, improving accuracy and productivity
